

Morten Dyrholm
Chairman
Global Wind Energy Council

Morten Dyrholm was appointed as Chairman of GWEC in May 2016. The Global Wind Energy Council represents the major companies as well as the major wind energy associations (China, India, Japan, Brazil, Mexico, Australia, Canada, USA, Europe, France, Germany, Greece, Spain, Denmark, Italy, Korea, South Africa and Turkey) involved in the global wind industry.

Morten Dyrholm is Senior Vice President for Vestas Wind Energy, based at the Vestas Headquarters in Denmark, where he is leading Global Marketing, Communications and Public Affairs. He has been with Vestas for the last ten years and is an expert in wind energy policy and regulation.

Dyrholm has extensive experience from the wind industry around the world, in particular from Asia, and has worked three years for Vestas in China where he was in charge of business development and governmental affairs. He holds a Master degree in Political Science and Chinese Politics.

At GWEC Morten Dyrholm is working to ensure that wind power takes its rightful place in the energy options for the future; and with opening up new markets for the industry in Latin America, Africa and Asia.
