

Lauha Fried
Communications Director
Global Wind Energy Council

Lauha Fried joined the Global Wind Energy Council as its Communications Director in September 2011. Mrs Fried has worked in the energy and environment field since 2008, with a particular focus on renewable energy. At GWEC she is focused on working on communications and policy issues to ensure that wind power takes its rightful place in the energy options for the future. Lauha has authored several publications on wind energy and renewables. She holds an MSc in Political Science, international law and communications.

ABOUT GWEC

The Global Wind Energy Council (GWEC) is the global trade association representing the wind industry. GWEC works at the highest international political level to create a better policy environment for wind power. GWEC's mission is to ensure that wind power establishes itself as the answer to today's energy challenges, providing substantial environmental and economic benefits.
