

SAVE THE DATE: 10th Wind Energy and Development Dialogue, October 15, 2015, Berlin within the “renewables – Made in Germany” initiative of the Federal Ministry for Economic Affairs and Energy (BMWi)

“Business-Policy-Dialogue for Emerging Wind Energy Markets beyond BRICS: Investment Criteria and Regulatory Framework for overcoming barriers to wind energy development with a focus on Vietnam, the Philippines, Kenya and Ghana”

Dear Sir or Madam,

on October 15, 2015, the Wind Energy and Development Dialogue (WEED) will take place in Berlin for the 10th time. This year's anniversary event is hosted by the BMWi within the Project Development Programme (PDP) of the “renewables – Made in Germany” initiative and organised by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH with support of the German Wind Energy Association (BWE) and the German Engineering Federation (VDMA).

The WEED 2015 provides an unique opportunity for the export-oriented wind energy industry from Germany as well as for economic and political decision makers from emerging and developing countries to exchange and share experiences and views on opportunities and barriers of developing wind energy projects with a focus on Vietnam, the Philippines, Kenya and Ghana. There will be the possibility for participating companies to hold bilateral meetings with the decision makers of the target markets after the event.

Please save the following date for the event:

Date: **Thursday, 15 October 2015, 9 am – 5 pm**
Location: **VKU Forum, Invalidenstraße 91, 10115 Berlin**

The conference will be held in English with simultaneous translation into German, participation is free. An official invitation with the programme and further information will be provided at the beginning of September.

I thank you for your interest and hope to welcome you on October 15, 2015 for the WEED in Berlin.

With best regards,

Christina Wittek, BMWi
